ANGIE E. STRAW,
Purchasing Agent for School Board.

This certifies, that we your auditors have examined the foregoing accounts of the Purchasing Agent, and find them correctly cast, and properly vouched,

HENRY O. ROLLINS,	} Auditors.
GEO. S. BARNEY,	
GEORGE H. JOHNSON,	

Note:- Page 1, line 7, the receipts of School Treasurer for 1899, is \$ 165.62. In expenditures the average cost per scholar in districts \$8.75

General Remarks.

NO. 1.

Both terms were taught by teachers well qualified to manage a school. Miss. Sadie B. Bunker, and Miss. Ethel M. Martin. The Discipline was perfect, attendance good, instruction thorough, and all appeared to do their very best work to make the school a success. This year a class of four members have completed physiology, Robinson's Elementary Algebra, and have been through and reviewed Complete Arithmetic.

NO. 2.

Miss. Sadie Hackett, teacher. There were nine scholars registered, no one was tardy during the term, and four were on the Roll of Honor. It was a good school and great improvement was made. The presence of so large a number of the residents of the district at the closing exercises was encouraging and helpful.

NO. 3.

The summer term was taught by Miss. Edna P. Rand, a teacher of much experience. Good order, good attendance no one tardy during the term. Ten of the eighteen scholars registered on the Roll of Honor, and as a result good advancement was made.

Miss. Sadie B. Bunker, taught the fall term, fully maintaining her reputation as one of our best teachers. The scholars seemed to thoroughly understand what they had studied, and during the long term of 15 weeks there were only two instances of tardiness. There is one advanced scholar in this district.

NO. 5.

Both terms were taught by Addie V. Powers, The summer term commenced with every promise of success. Measles necessitated a discontinuance, and after commencing again, the disease, and fear of it; caused irregularity in attendance. Aside from this, the school was what it should be; quiet, orderly and diligent. Circumstances were more favorable in the fall. Miss. Powers, aimed at a high standard in education, and tried faithfully to bring her pupils up to that standard. Her methods of instruction were calculated to encourage the scholars to think for themselves, and the recitations were very interesting.

Those who attended regularly, acquired much useful knowledge. There are 3 advanced scholars in this school.

NO. 13.

The summer term was taught by Miss. Gertrude Francis, and visited by Mr. Rollins, but in looking over the register the clean appearance of the attendance sheets invited closer inspection. No case of tardiness was reported for the term, and fourteen of the twenty-seven scholars registered were on the Roll of Honor. In so large a school this is a record of which parents may justly be proud. The average attendance for the fall term was excellent, considering the length of the term.

During the past year, all the schools, with two exceptions have been in session 24 weeks; a gain of five weeks from 1899. We received \$ 257.23 as aid from the State, and the Town raised \$ 200.00 in addition to what the law

requires, For the year 1901, we received \$ 241.93 from the State. The Superintendent of Public Instruction states in the circular sent to School Boards, that " The justification of the law depends upon its apparent effect upon the several towns receiving a distributive portion of the appropriation; whether assistance given by the States strengthens or enfeebles the towns receiving it." It was deemed advisable by the School Board to change the readers in our schools this year. In fact it was almost a necessity. They had been in use about 12 years, and were in a very bad condition. Of course a change of readers is more expensive than a change of any other text book, because each scholar requires a reader which is not the case with any other book.

It costs each year between twenty and twenty-five dollars for writing books alone, and about five dollars for spelling blanks. It can readily be seen that, expenditures for supplies are not altogether for changes, or to replace worn out books; but that a portion is for material, that becomes worthless after it is used. Some repairs have been made this year on school-houses and more are needed. At No. 3 the underpinning has been reset, and a foundation built up under the chimney. The house now needs 4 new doors and casings, the inside painted, new shingles on shed roof and on one side of main building. No. 2 needs shingling, clapboarding and painting, No. 1 needs a new wood shed. Probably repairs are needed in other districts, but these buildings especially have been under my observation.

Respectfully submitted,

ANGIE E. STRAW.

Member of School Board.

Roll of Honor.

We your auditors have examined the Repair Report of the School Treasurer, and find it correctly cast, and properly vouched,

HENRY O. ROLLINS,	} Auditors.
GEO. S. BARNEY,	
GEORGE H. JOHNSON,	

Report of Truant Officer.

In the month of April, I enumerated the children between the ages of five and sixteen. I found there were 148 viz: seventy-four boys, and seventy-four girls.

In regard to truants, I have been called upon by the School Board, but once during the year.

OLIVER T. MILLS, Truant Officer.

Grafton, N. H. Feb. 15, 1901.

Report of Committee on SCHOOL-HOUSE REPAIRS.

We have repaired the underpinning under the school-house in District No. 4, this school-house needs painting; in other ways it is in good repair. In District No. 3, the school-house had settled down and was badly out of shape. This house had to be jacked up and leveled, the wall taken down and laid over, and it should be painted inside and out.

We have 2 barrels of lime and 1 barrel of cement on hand to paint this wall. This house needs some other repairs. The school-house in the Gifford Dist. is in a very bad condition, and should be repaired at once.

Slab City school-house should have some repairs, also Prescott Hill school-house should come in for a share.

Respectfully submitted,

A. Davis,	}	Committee on
G. B. Kimball,	}	School-house Repairs.

Note: In the Selectmen's Report, page 1, the value of polls should be \$ 20,400; Stock in Public Funds, \$ 1,000; Stock in Bank, \$ 1,000.
